Latest Picture of Ex-President

Conflicting rumors of the serious illness of ex-President Wilson have been set at rest recently by his regular appearance every Saturday night in the audience of a vaudeville theater. The above photograph shows Mr. Wilson as he was about to leave his home recently and shows clearly his present ability to walk unaided.

FOREIGN, LATER AND TROTSKY

Gen. Brusilov, Russian army commander, is reported to be in good health and is expected to return to his post in the near future.

One secret of success is never to make the same mistake twice.

ARMY MUST OBEY DUTY CALL

Feared by Lenin and Trotsky Coolidge Tells of Nation's Needs

Suspicion Grows; Loyalty to Gen. Brusilov Endangers Soviet Regime

Washington anxious to aid Russian people quickly as possible

Isolation no longer possible; Real factor in world affairs

Washington, May 21.—Reaction throughout Europe to break up the Geneva conference without accomplishing anything definite relative to Russia is reflected in the report of the disarmament committee of the League of Nations, which states that nothing can be accomplished on that question until European political problems are solved.

Reports of a reliable character reaching Washington from Russia and Geneva portray the reasons for this unrest in Europe, including Russia, and explain the anxiety of this government, wholly apart from its friendship to the Russian people, to participate in anything that may be helpful in solving the Russian problem as quickly as possible.

Within the last few months Russia has so far let down the bars to information from within the country as to make possible a better appreciation of the true political situation there than has been attainable since the war. Lenin, moved by economic conditions which he could not control, has been forced to make concessions to capitalist ideas to such an extent as to split the forces upon which he has hitherto relied for support.

Trotsky is the recognized leader of the extreme left of the Communists, who are now in a position to make a bid for power. The more conservative Communists who have always supported Lenin also have become dissatisfied to the point that their numbers are fewer than ever before. Neither have the non-Communists, who cannot see the wisdom of the concessions Lenin has made, with the general result that the Soviet government is in a political dilemma.

There is yet another Russian army which is the backbone of Soviet control of Russia, while Trotsky is the backbone of the army. The fact remains that Trotsky himself, fears that the army is not reliable and that it is not in a position to support him. Within the year Trotsky fears that he will be forced to flee the country as a fugitive, and that he will be forced to flee the country as a fugitive, and that he will be forced to flee the country as a fugitive.

At the same time, the Russian army, which is the backbone of Soviet control of Russia, is in a position to make a bid for power. The more conservative Communists who have always supported Lenin also have become dissatisfied to the point that their numbers are fewer than ever before.

SHIPS COLLIDE; HUNDRED DIE; VESSEL SINKS OFF USHANT

Heart-rending Cries as Scores Are Drowned; Indian Sailors Seized Lifeboats, Declare Survivors

BREST, May 21.—Nearly one hundred persons perished when the Peninsular and Oriental liner Egypt sank off the island of Ushant last night after a collision in the fog with the French cargo steamer Seine. News of the disaster was brought here today by the Seine, which made port with the rescued and twenty bodies. The Egypt was bound from London for Bombay. Ushant is twenty-six miles west by north of Brest.

The Egypt sailed from London for Bombay Friday with forty-four passengers and a crew of 230. A roll call on board the Seine after the disaster showed that at least fifteen of the passengers and eighty of the crew of the Egypt were missing.

When the collision occurred in a dense fog within twenty-two miles of the Arman lighthouse, the two ships were about to be rounded on board the Egypt. Many of the passengers and most of the crew were on deck. The shock threw several persons into the sea; others jumped and a number went down with the ship, which sank in twenty minutes.

The Seine, badly damaged, reached Brest today with twenty-nine rescued passengers, more than half of whom were injured. The captain of the Egypt is among the saved.

HALL HOLDS SMALL LEAD IN PRIMARY

Oregon Vote Still Close; All Three Representatives Are Renominated

PORTLAND (Or.), May 21.—Charles Hall had an apparent lead of 208 votes over Gov. Olcott for the Republican nomination for Governor on the basis of returns complete or incomplete from all counties of Oregon tonight. Hall's vote as far as tabulated was 11,822. Olcott's was 11,614. The tabulation was based on complete returns from three counties and complete unofficial returns from four counties with returns from the other counties in various stages of completion ranging from 75 to 100 per cent.

All three of the Oregon Congressmen have been renominated. Representative W. C. Hawley for the First District, Representative N. J. Russell for the Second District and Representative C. N. McArthur for the Third District.

In a recall election held simultaneously with the primaries, Fred G. Buchtel and Fred A. Williams were elected to the office of State Public Service Commissioners and Newton McCoy and T. M. Kerrigan both of Portland, were elected to succeed them.

AGAIN PICKS DAVIS TO HEAD WAR BODY

WASHINGTON, May 21.—Dwight F. Davis of Missouri was renominated yesterday by President Harding to be a director of the War Finance Corporation. He previously was appointed to fill out an unexpired term.

CAPTAIN'S STORY

Captain Lebarrie of the Seine, in describing the disaster, said: "I was at my post on the upper bridge Saturday evening at 7 o'clock, 15 miles from Arment. The fog was thick, with a slight breeze from the west."

DEATH ENDS DAY OF FUN FOR COUPLE

Two Killed, Six Injured When Hurled from Roller-Coaster

NEW YORK, May 21.—A girl and a man were killed and six injured when they were hurled from a roller-coaster on the scenic railway at Coney Island, the Bronx, today. The operator of the coaster fled in the confusion. The accident occurred when the emergency brake suddenly when the car reached the highest summit of the wooden course and eight of the ten passengers were hurled into the network of understructure, several plunging sixty-seven feet into the Bronx River marsh.

Neill Connelley, guard of the car, after questioning by Asst. Dist. Atty. Quigley, was arrested, charged with manslaughter. He had been on the job two weeks. He said a man passenger in a forward seat had fallen out of the car. Connelley later told the police he thought he was about to jump, so he applied the brake.

Harry Spitz, who died of a fractured skull soon after, was the man who stood up, according to Connelley. Bella Fortgang died in the hospital several hours after the accident.

Situation in Bulgaria is Still Acute

VIENNA, May 21.—Serious news is reaching here regarding the situation in Bulgaria. It is reported that the Bulgarian government has been forced to accept a republic by Communists.

While latest reports state order has been restored and the soldiers have the upper hand in the capital, the red flag is said to be flying in many places.

The origin of the trouble is the question of refuge for France's troops, whose disarmament has been ordered by the Supreme Allied Council. Tchitcherine is declared to have made insistent demands that the Bulgarian government should disarm these troops and eject them from the country, as their organized presence was a threat to Russia. The Bulgarian Communists apparently attempted to force the hands of the government.

WHAT IS REAL DESIRE?

"Meanwhile we would ask a question: What is the real desire of the German government? Does it truly desire foreign loans under conditions which can be accepted by countries which have a right to reparations? Or is it only a maneuvering to attain the following position: On May 21, the financial committee having stated that Germany cannot float the foreign loan Germany will plead the impossibility of payment? The German government will argue that it is in no way financially failed because it cannot pay unless a loan is made, but cannot find lenders. Germany would thus attempt to escape the sanctions and conditions of a moratorium and would gradually escape from making any reparations at all. Will this be the German attitude or will she show good faith? The proposals Hermes will put forward will show us at least temporarily."

Auto Collision With Traction Car Kills Two

SACRAMENTO, May 21.—Two persons are dead, another probably dying and two others hurt as the result of an accident near this city tonight when an automobile driven by V. T. Meahan collided with a southbound Central California traction car crossing near here.

The dead are Mrs. Imogene Rickard and Mrs. V. T. Meahan. The injured are Mrs. Meahan, Miss Evelyn and V. T. Meahan. Mrs. J. J. Meahan is said to have a fractured skull. The automobile was completely demolished.

RATE WAR ON TARIFF LOOMS

Republican Senators Are
Now Dissatisfied

West and East Alliance Split
Believed Near

Rift Will Mean Slashing on
Many Items

(SPECIAL INVESTIGATION.)
WASHINGTON, May 21.—Re-
ductions in duties below the rates
of the McCarver tariff bill now
seem probable as a result of a gradually
developing dissatisfaction among
Republican Senators. The dissent is
being expressed in the Senate the
alliance reported to exist between the
western agricultural group and the
eastern Senators from manufacturing
districts may be a factor in the
which case a slashing of rates all
along the line is in prospect. If
the agricultural group and the man-
ufacturing districts are in a
group undoubtedly will have a hand
in the reducing of rates on some
farm products.

Just how long western Repub-
licans will hold the Senate is a
question that is being asked. Sen-
ator Lusk of Wisconsin and Senator
Norris of Nebraska, both Repub-
licans, showed a tendency toward
insurgency during the past week
and there are charges of becoming
active under the continued
bombardment from the Democrats.

It may be several weeks before
the agricultural schedule is
reached. The general belief is
that duties which were made du-
table by the Finance Committee
will be restored to the free list.

The committee was almost evenly
divided when the action was taken
imposing a duty and it is con-
sidered doubtful that a majority of
the Senators can be mustered in
its support. The shoe manufac-
turers are anxious that the proposed
duty on hides be removed.

House has gone on record in op-
position to a duty on hides and
would be likely to insist on the
elimination of any tariff which
might be provided by the Senate.

Members of Congress who favor
high duty on agricultural products
insist that the emergency tariff has
proved of great benefit to the farm-
ers. Representative Gernard of
Pennsylvania, Republican, has pre-
pared an analysis of imports of
various farm commodities ef-
fected by the emergency tariff
which he says proves that the in-
crease in duties was of distinct ad-
vantage to the farmer.

TO SEEK RELEASE OF
SLAYER IN ATLANTA

HARDING TO BE ASKED TO
PARDON ARMY MAN WHO
SHOT CAPTAIN

(SPECIAL INVESTIGATION.)
NEW YORK, May 21.—Direct
appeal to President Harding to
pardon Capt. Homer C. Malone of
Atlanta, Ga., is likely to be made
within a few days. Malone is
serving a twenty-year sentence in
the Federal prison at Atlanta for
killing Capt. J. C. Briggs in France
in 1918. Briggs had broken up
the Federal prison at Atlanta for
visiting to the military, but had
been shot by the man he had
served in France, Malone shot
and killed him.

Malone is in Mississippi and
came back from South America to
get in the White House. He has
charge of 4000 men in the Arizona
when he encountered Briggs and
the shooting followed.

NEW TRIALS DENIED;
MEN ARE SENTENCED

(BY A. P. NIGHT WIRE.)
OCHAKA, May 21.—Samuel B.
Morgan, Consul, who was pres-
ident of the American Trade and
Development Company, was sen-
tenced to a term of years and a
day in Federal prison at Leaven-
worth, Kan., and Richard C.
Richards, also, was sentenced to
Woodward, after denying them a
trial, on a charge of using the
mails to defraud in connection
with sale of waste of oil lands in
Mexico.

NIGHT AIR MAIL
SERVICE PLANNED

(BY A. P. NIGHT WIRE.)
ST. LOUIS, May 21.—Plans for
the establishment of night service
as part of transcontinental air
mail routes are being considered
by the Postoffice Department, ac-
cording to Col. Paul Henderson,
senior assistant Postmaster-Gen-
eral, who departed for Washington
following an inspection of the local
postal service.

ESCAPED BURGLAR
IS SHOT TO DEATH

(BY A. P. NIGHT WIRE.)
CHICAGO, May 21.—Adam
Prochowski, known as the "pho-
tograph burglar," who escaped from
Joliet penitentiary some time ago,
was shot and killed yesterday in
an attempt to enter the home of
Henry A. Blair, president of the
Chicago Surface Lines.

LONG-WHISKERED GENT HONORED

King of Bearded Clan
Greeted by Crowd
at Sacramento

(SPECIAL INVESTIGATION.)
SACRAMENTO, May 21.—

Sacramento Whiskerites ac-
corded a rousing reception to
Hans Langseth of Barnev,
D., who arrived today.

Langseth is the king of all
whiskered gent's the world
over, with seventeen feet of
honest-to-goodness beard.

Headed by Chief Whisker-
ite, Claude L. Beatty, City
Manager of Sacramento,
thousands of bewhiskered
Sacramentans marched to
the depot and shouted, "Hail
to the King!" when Lang-
seth hopped off the trans-
continental train.

Langseth was found after
a world-wide search con-
ducted by hundreds of news-
papers. His nearest rival
was Zach Wilcox of Carson
City, Nev., whose best effort
was about six feet less than
the gentleman from North
Dakota. Such is coming to
the celebration anyway, and
will appear with Langseth in
the Whiskers Palace at the
Days of '49 Mining Camp.

it was pointed out, the stubbornness
of the secret leaders and the

It was repeated most emphati-
cally in a high administration
quarter today, however, that this
government believes it to be a real
menace to the welfare of the
American people to permit the build-
ing up of such false hopes as tend
to be exaggerated in socialist
propaganda by the blustering and
barricading of the Red.

The demand of the

sented for a moment that they will be
seriously considered by any
official.

Mexican Rebel
Leader Takes
Villa Hermosa

(SPECIAL INVESTIGATION.)
MEXICO CITY, May 21.—It was
reported Saturday afternoon that
Carlos Ocegueda, the rebel leader of
Tehuacan, had taken Villa Hermosa,
an important city up the river
from Frontera. Federal troops
which were heading toward Ta-
huacan, rushing to the defense of
the Villa Hermosa, did not arrive
in time.

Ocegueda, the latter had 8000 well-
armed troops and a number of
machine guns were manned by
Americans experienced in the
European war.

The government is hurrying
troops in various directions toward
Tehuacan to the aid of the Minister
of War in a personal campaign
against Ocegueda.

Special clinics will be held at
the Whipple Barracks health ser-
vice hospital, in connection with
remedial and reconstructive work
thereafter to be done on dis-
abled veterans of the war.

The program of entertainment
will include a trip to Jerome,
where there is to be demonstra-
tion of first-aid work in the mines,
and a trip to the Grand Canyon.

BLAMED FOR DEATH

(SPECIAL INVESTIGATION.)
NEW YORK, May 21.—Police
whisky, not a poisonous drug,
caused the death of Dr. Alfred H.
Riedel, noted eye specialist, found
dead in his apartment on May 8.

This was the finding from chem-
ical analysis announced yesterday
by Dr. Charles Norris.

Examination by Dr. Allen O. Gies-
ter, the medical examiner, and
chemist, revealed the bootleg whisky
Dr. Riedel had imbibed contained
fuel oil and acetone.

American Legion Condemns

Resolutions Are Adopted by
Unanimous Vote

(SPECIAL INVESTIGATION.)
SAN FRANCISCO, May 21.—

Americans who fought for their
country in the full view of the
world and under halos of steel
today struck a blow at the Knights
of the Ku Klux Klan and its
hooded, masked "Invisible Em-
pire" when the State executive
committee of the American Legion
adopted resolutions condemning
the principles and practices of the
Klan.

The resolution declared that no
loyal member of the American Leg-
ion should support the doctrine of
the Klan or become or remain
a member of the Klan. It de-
veloped that one American Legion
Post had demanded Quinn's resig-
nation as state commander, in
view of his supposed connection
with the masked order.

After a full debate, during which
it was admitted that the Ku Klux
Klan have already invited a large
number of speakers to the Klan
State to join the executive com-
mittee of the American Legion.

Whereas, the attention of the
State executive committee of the
American Legion has been called
to the claim that some of the
members of the American Legion
are members of the Ku Klux Klan,

stitutional laws and fundamental
principles of the United States,
which we stand for and for which
we fought. Therefore, be it

Resolved, That the principles

tion to the Ku Klux Klan and its

member of that organization.

SUPPORTED BY FITTS
The resolutions were drawn up
by a committee consisting of Ed
Rosenkrantz, Archer Bowen and
M. R. Silverstein. The resolutions
were practically on the spot and
were adopted by a unanimous vote
of the committee.

It was a Ku Klux Klan day for
the Legion officials. The first mat-
ter was the resignation of Quinn
as state commander. Quinn's resig-
nation was accepted and Quinn
was asked to leave the hall. Quinn
left the hall and was seen to enter
a car and drive away.

TO HOLD DOWN PRICES

Administration Plans in Coal Strike Carried on by
Hoover's Call to Working Operators to Meet

(BY A. P. NIGHT WIRE.)
WASHINGTON, May 21.—Adminis-
tration plans for holding down
soft coal prices were carried a step further today when Secretary
Hoover issued a general call for a conference of the 1800 operators
whose mines are still producing. The conference is to be held in
Washington, May 21.

The operators will be asked to
approve and put into effect the
scheme of creating district com-
mittees to receive and allocate all
orders during the duration of the
strike and with co-operation from
a Washington committee to pre-
vent coal going into hands of spec-
ulators and middlemen, who may
unduly increase in price.

Fifty operators controlling the
bulk of present nonunion and open
shop production had been asked
to meet at the plan, usually
the Garfield prices of the gen-
eral basis from which to set up
fair price standards. This would
establish mine prices of bituminous
coal at \$2.50 to \$3.50 per ton.

The plan, however, the adminis-
tration expects the coal operators
not to sell coal at prices in excess
of \$2.50 per ton, with such
adjustments as are necessary. Mr.
Hoover's statement on the general

AN REBELS HARASS

Stage Campaign to Embarrass Obnoxious to Get Square With World

(BY A. P. MIGHT WIRE)

May 21.—Military observers here declared the activities of the last few days in connection with the campaign to embarrass the administration in Washington, as a moment when the administration is making a last effort to win the support of the public in the United States.

CHOKE, BEAT, ROB WOMAN LEFT ALONE

Bandits Loot Street Home, Victim Bound

Choked, beaten and robbed from room to room by two men who broke into her home and threatened her with death if she did not reveal the hiding place of her money, the story told by Mrs. W. R. Martin, 518 North Crecker street, was found by her husband on the floor of a bedroom, gagged and robbed, upon his return home, late Saturday night.

According to Mrs. Martin, the two men called at about midnight Saturday and inquired of her husband, who was not at home, for her money. She refused to give it and immediately commenced beating and kicking them.

THE WORLD'S NEWS IN SPANISH

For the benefit of the many Spanish-speaking friends of The Times and the many students of that tongue in Los Angeles, The Times presents herewith a digest of the most important news of the day in Spanish. A working knowledge of correct everyday Spanish is an asset of immense value, especially in the Southwest, as is indicated by the fact that public and private Spanish instructors have more than 15,000 pupils in Los Angeles alone.

Para beneficio de los muchos amigos de habla castellana que tienen el Times, así como también para ayudar a los estudiantes de esta idioma en Los Angeles, el Times tiene el gusto de ofrecerles una serie de noticias importantes de última hora, en español. El conocimiento de este idioma, especialmente en esta forma sencilla, usando frases de uso diario, es de gran valor, especialmente para los residentes en el suroeste del Estado. En esta ciudad actualmente hay más de 15,000 personas que se dedican al estudio de la lengua española.

RATIFIES SHANTUNG PACT

Japanese Military Control in Province is Already Being Withdrawn

(BY CABLE AND ASSOCIATED PRESS.)

TOKYO, May 21.—The Shantung agreement, negotiated with China at the Washington conference, was ratified today by Japan.

MILITARY WITHDRAWN
Shanghai and Peking, both for business and tourist travel.

PEKING, May 21.—Japanese military control in Shantung already is being withdrawn in accordance with the agreement between China and Japan, signed at Washington last February.

Chinese troops have replaced about one-third of the Japanese troops on the 210 miles of the Shantung-Tsingtao railway.

From Tsingtao, the capital of Shantung province, the Japanese are withdrawing their troops.

Here in Peking the government situation has cleared somewhat, but the Japanese Premier, Wang Shih-Chen, who was Premier during the winter of 1917, is still in the city.

He is expected to leave the city in the near future, and to be replaced by a new Premier.

THE PROVINCE NOW BEING RESTORED TO CHINA holds an important industrial position aside from its sentimental value to the Chinese as the birthplace of Confucius and the cradle of Chinese learning.

Germany's seizure in 1915 of Tientsin Bay for a naval base, together with the seizure of the province by Japan in 1915, formed part of European aggression in China that ended at the opening of the World War, Japan promptly took place and the Tientsin-Tsingtao railway from the German and has held them ever since.

The province of Shantung produces more human hair for conversion into wigs and women's hair nets than any other place of the world. It also contributes largely to the millinery business in its manufacture of straw hats, from which hats are fashioned.

Another industry in the making of egg powder. Millions of eggs annually are dried and ground in powder for shipment to countries where fresh eggs are scarce.

With the advantages of improvements made by Germany and Japan, Shantung never will return to what it was before 1915, proclaims the German press. They predict that Tientsin, converted by the Germans into a model city with broad, shaded streets and substantial buildings of European architecture, will become a rival of

Northern Taxi Strikers Wound Working Driver

(BY A. P. MIGHT WIRE)

SAN FRANCISCO, May 21.—J. E. Simpson, driver for a taxicab company, was shot in the head and seriously wounded by four men who attacked him early this morning. The men fled in an automobile and a little later engaged in a pistol fight with two policemen.

Later an Ellis Street taxicab office was entered and shot up by a group of men. Police said both incidents were outgrowths of the strike of taxicab drivers which is in progress here.

BOASTED OF WOMEN; WIFE ASKS DIVORCE
Homer C. Credle, shoe salesman of 551 South Broadway, candidly admitted to his wife, Mrs. Credle, that he had been out with other women.

"I've been out with other women," he said to her, "and I'm going to do it again."

She says that he later added: "I'll go out with them whenever I please."

RAILROADS MAY REDUCE WAGES

White House Dinner Likely
to Bring Results

Lines' Heads to Consider
Rate Cuts

Cheaper Transportation to
Revive Business

BY ARTHUR SEARS HENKING
(SPECIAL CORRESPONDENT)

WASHINGTON, May 21.—An agreement by the railroads to reduce freight rates materially and by the railway brotherhoods to accept a reduction of wages may be the outcome of President Harding's move to cheapen transportation as a means of reviving business.

In the event that the carriers fulfill the President's request, the result will be a reduction of rates on basic commodities, exceeding the decrease in the Interstate Commerce Commission finds itself at liberty to authorize. It would also mean no surprise if Harding should invite the rail union heads to a White House dinner to consider a lowering of wages.

STUDY PROPOSAL
The railway executives, who attended the dinner at the White House last night had a conference today before their departure for Washington. The situation created by the President's appeal to reduce rates was discussed. Afterward their spokesmen said that no time would be lost in appointing the committee, which is to study the situation and inform the President how far it is possible for the carriers to go in the direction of radical rate reductions without unduly sacrificing the interests of the stockholders.

It transpired today that the discussion following the dinner last night was one of the warmest that has taken place in the White House in years. Some of the rail executives are reported to have taken sharp issue with the contention of the President that the lowering of freight rates, particularly on coal, steel, iron, timber and other basic commodities, is all that is needed to revive industry. Statistics were quoted to prove that industrial inactivity is not attributable to high transportation charges and that the reduction of rates already effected had not increased the volume of business in the country.

OKLAHOMA NOMINATED

(BY A. P. MONT WIRE.)
WASHINGTON, May 21.—Arthur H. Gessler of Oklahoma was nominated yesterday by President Harding to be Minister to Guatemala.

WAGES BIG ITEM

In the cost of operation wages constitute the big item. It was pointed out that the railroads' pay roll today is \$2,000,000 greater than in 1918. How they can obtain the revenue to meet the high cost of operation, inherited from the war-time regime, and retain a fair profit to the stockholders if rates are cut far below the war-time level, the carriers professed themselves unable to say.

While the first quarter of 1922 showed improvement in railway earnings, the carriers for the country as a whole were below 5 per cent. In March the roads had a net operating income of 8.5 per cent, which is the nearest they have come to earning 5 per cent since the passage of the Transportation Act.

The President asked the carriers to reduce their rates radically and voluntarily, because the Interstate Commerce Commission has found it beyond its power under the Transportation Act to make any general reductions. The act provides that the rates shall be fixed at a level which will produce a fair profit to the carriers and that the commission shall make a finding to what it considers a reasonable return. The 6 per cent guarantee provision has expired.

DISAPPOINTED BY PRESIDENT

Changes Mind on Attending
Dedication

Sends Letter to National
Woman's Party

First Accepts, Then Declines
Invitation

(EXCLUSIVE DISPATCH.)
WASHINGTON, May 21.—President Harding changed his mind at the last minute and did not attend the dedication today of the headquarters of the National Woman's party.

The letter, though dated the 20th inst., was not received at the headquarters until shortly before 3 o'clock this hour.

For the ceremony, and no explanation accompanied the letter.

Eliza Hill, chairman of the national council of the Woman's party, at once called at the White House, but was given only a copy of the letter, which had been addressed by the President to Mrs. John C. Gordon.

STABS WOMAN AT A DANCE

Wife of Engineer Fatally
Out: Assassin Is
Captured

(EXCLUSIVE DISPATCH.)
NEW YORK, May 21.—Mrs. Eleanor Male, 20 years old, wife of a railroad engineer, was fatally stabbed early today in the doorway of Grandview Hall, in plain view of 200 persons attending a dance.

A man described as Joe Monahan, 27 years old, angered because Mrs. Male had refused to permit him to escort her home, leaped at her and did the cutting, which caused a panic among the spectators.

He was captured by a dive several hours later.

Battle of Ohio, chairman of the committee on the part of the reference was made by any of the speakers during the ceremonies of the President's change of office.

The only action taken in regard to the change of office was the services opened of a statement quoting the two letters received from the White House in regard to the invitation to attend the ceremony.

Without the Alaska objective in mind, the President does not feel he can make the trip to the Pacific Coast and will probably remain in Washington with occasional short trips to the country or to the seashore.

Abandonment at this time of the Alaska trip is a keen disappointment, as he desired to make it the basis of a tour of the country.

For definite legislation for the development and settlement of Alaska.

In the meantime, he will probably be guided by reports from Governor Tilton, secretary of the Interior, who is planning to leave for Alaska early in June.

His departure will mean the passage of supply bills for the various departments. These bills must all be passed by the President on or before June 30 or appropriations cease and the government will be demoralized.

This means that by just so much time will the tariff be delayed and the present rate of progress this fall month.

SENTIMENT COMPLICATED
The tariff sentiment throughout the country is the most complicated ever encountered by the Republican party.

For the first time in history the agricultural products come into the place and the industrial commodities take second place.

Not even any of the special lines of manufacturers in demand for a high protective tariff.

It is not even any of the concentrated essence of business in the United States. No two speakers agree and all are more or less at a tariff high enough to protect the products of the United States.

There is a real feeling of hostility against the efforts of this country to get into the world trading in a serious way.

In past years industry and the financial institutions back of industry were aggressive and they were for a high protective tariff.

Now many of the manufacturers are interested in foreign plants and financiers have large interests in the United States.

Their interests are not all in the United States and they are as divided as the tariff.

Some are for a tariff high enough to protect the products of the United States.

Others are for a tariff high enough to protect the products of the United States.

ALASKAN TRIP NOW UNLIKELY

Harding Disappointed by
Congress

Hope for Adjournment by
August Flickers

Divided Sentiment Over the
Tariff Worries

(EXCLUSIVE DISPATCH.)
WASHINGTON, May 21.—Congressional leaders and the President have about abandoned any hope of an early adjournment of the session now approaching the peak of congestion.

It has been hoped that Congress would be finished by its work by August 1, and contingent upon that event President Harding had tentatively arranged for a trip to Alaska.

A later adjournment will make this trip to Alaska to the West Coast impossible this year and he has admitted to his friends the great northwestern territory of the United States.

Only a legislative miracle will make his trip possible.

Without the Alaska objective in mind, the President does not feel he can make the trip to the Pacific Coast and will probably remain in Washington with occasional short trips to the country or to the seashore.

Abandonment at this time of the Alaska trip is a keen disappointment, as he desired to make it the basis of a tour of the country.

(BY A. P. NIGHT WIRE.)
TULSA (Okla.) May 21.—Hamlet, in the person of Oscar Osborne, a High School boy, gave battle to a modern highwayman the other night.

Carbed in the raiment of the Danish prince, whose character he had portrayed in a school entertainment, Osborne was doing his best to rob a highwayman, who, accustomed to facing such strange weapons, turned and ran.

"CON" MEN READY FOR GULLIBLE

Kansas City Flooded With
Profession's Elite on
Farmer's Trail

(EXCLUSIVE DISPATCH.)
KANSAS CITY (Mo.) May 21.—Kansas City is at present flooded with "con" men. From the four quarters of the nation, these men have assembled here to reap the annual harvest from the tourists of the Middle West, that each year

So declared H. N. Graham, a postal inspector, today. Mr. Graham is at the head of that branch of investigation maintained by the postal department.

"The men here are no amateurs," Graham said. "They represent the 'elite' of the profession, men who have gained international recognition by their shrewdness and ability to keep away from the law."

"This is an annual visit with them. At this time of the year the 'con' men are at their best. These men, people are apt to laugh when they read in the papers of studies in con men and southern winter resorts. They little know how many have been staged in Exeter Springs. We do not know how many, but we hear of far more than the average person."

Graham arrested William L. Loftus Wednesday night on an information charging him with swindling at Miami, Fla., of \$20,000 in a fake betting proposition.

Loftus was trailed over the country for months before being found here, Graham said. He was arrested Saturday, waived preliminary hearing and his bond set at \$20,000.

DR. SUN ASKS PEACE
TERMS OF GEN. WU

REUNIFICATION OF CHINA
NOW BLOCKED BY HSI
SHIH CHANG

(BY CABLE-EXCLUSIVE DISPATCH.)
PEKING, May 21.—Gen. Wu Pei Fu, who is still in Pao-tung, received an inquiry from Dr. Sun Yat Sen as to Gen. Wu's terms. The latter is not likely to negotiate with Dr. Sun, since he considers him a distracting element.

Canton government is fast nearing a state where Dr. Sun will find it necessary to seek the best terms he can get, since Tang Shao Yi and Chang Hsing Ming favor a re-construction of the Parliament of 1917, the end of which formed the Canton government.

With Gen. Chang Tso Lin defeated and Dr. Sun seeking terms, President Hsi Shih Chang remains the sole obstacle for the unification of China. The latter is suspected of playing a double game.

Gen. Chang's telegram indicates this, but the President's hand is likely to be forced in a few days.

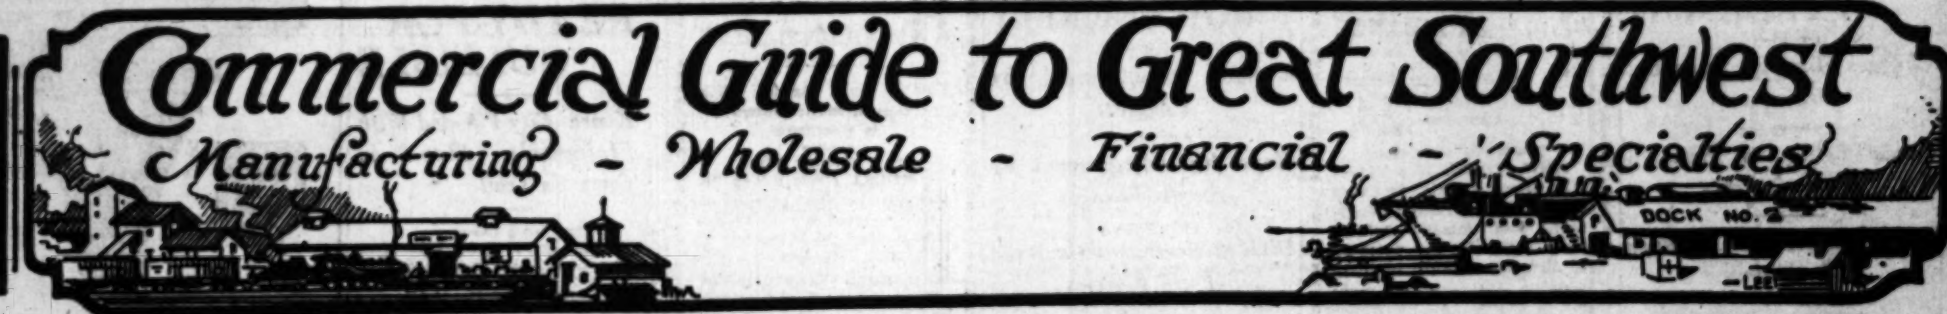

Gen. Chang has returned to Canton, where he is expected to be received with honor. His position is expected momentarily since the Cabinet has issued a statement clearing Gen. Chang as a rebel because of his alleged declaration of independence. Thus it becomes incumbent for President Hsi to order the suppression of Gen. Chang and possibly to send an army to Manchuria. Gen. Wu would naturally be the leader of such an army, but no army have yet been given.

Apparently, clever politics are being played, with President Hsi not reconciled to a Cabinet reorganization because Gen. Wu insists that Tung Chang assume the position of Finance Minister and fully expose the corruption since the legal Parliament dissolved.

Inasmuch as Gen. Chang is certain to either attempt to hold on to his position or to flee into a Japanese zone, the President is bound to take some action regarding the Manchurian province, thus either siding or breaking with Gen. Wu. All constructive measures depend on this issue.

The image is a high-contrast, black and white scan of a document page. The page is heavily degraded, showing significant horizontal banding and noise. The right edge features a series of white, rounded rectangular shapes, likely representing punch holes or a binding. The left edge shows a vertical strip of text, which is mostly illegible due to the degradation. The text appears to be a list or index, with some words like "MORRIS" and "MORRIS" visible. The overall quality is poor, with a lot of visual noise and artifacts.

TO MATE'S AID

Nan Dawson

Two wives with but a single

thought is the fortunate

possession of Donald Dawson, university

graduate, now in jail on a charge

of having posed a fictitious check.

The sudden appearance yesterday

of Nan Dawson of 721 North

Alvarado street, wife No. 1, who

declared that she was Dawson's

wife until August, edges Helen

Dawson out of first place and

makes her wife No. 2, at least

for the present.

According to wife No. 1, she

deserted him three years and a half

ago because "he was drunk all the

time." He got a divorce in the

local courts last August on the

charge of desertion, she asserted.

When Helen Dawson heard that

her husband had been arrested she

was surprised, she asserted, and

she was not at all surprised when

she learned that he was charged

with desertion.

The youth was taken to the

Receiving Hospital by the driver

of the automobile, it was learned

from the youth on the motorcycle,

traveling from the south on Glendale

Boulevard, sped toward him at

high rate of speed and, before he

could react, crashed into his front

fender.

Describing the accident, Mr.

Wareham told Detective Knowles

and Sheriff that he had just

turned into Montana street from

North Glendale Boulevard when

the youth on the motorcycle, traveling

Walls of pale yellow shade form an attractive background to this delightful bedroom. The soft, ivory an-

amassed woodwork around the doorway, windows, baseboard and moldings, together with the ornate curtains of yellow flowers, create a harmonious ensemble. A simple plain rug and one or two bedroom lamps furnish a spot of color.

A color scheme that pleases you, and the paints, varnishes and wall paper will make beautify any room in your house.

At Mathews, you may depend upon expert assistance in selecting the supplies. And the name of Mathews' is your quality in everything you buy.

The color scheme outlined above requires a light color for the walls, or a two-tone satin stripe. We suggest Parnell Ivory Eggshell for the woodwork, and a dark Varnish for the floors. All these are well known specialties.

Specify them to your painter

WOULD PUT BIBLE

IN PUBLIC SCHOOL

Deplored what he termed "the secularization of education," Dr. Herbert Booth Smith, pastor of Immanuel Presbyterian Church, in a sermon yesterday evening addressed placing the Bible in the public schools of California.

In part Dr. Smith said:

"Jesus grew in wisdom and stature and in favor with God and man; that is to say He had a normal physical growth from infancy to manhood. His mind developed in proportion as His body grew and He grew in spiritual and moral stature. Hence He had a symmetrical growth and that is what the youth of today need. No one of these elements can be left out. Our American public school goes back to the year 1621. This modern idea of eliminating religion from the common schools is in direct opposition to the spirit of their founders. During the first two years of our colonization every college and almost every academy and high school were erected with Christian ends in view; but now in the closing years of the twentieth century we find that education has been secularized and the Bible has been removed from the schools for a number of reasons which do not seem good to some of us. I plead for the Bible in the public schools first, because education is incomplete without knowledge of the Bible and, secondly, because morality is fundamental in all education, and morality cannot be taught except through the Bible."

SAYS NARROW WAY

IS PATH OF LIGHT

Preaching on "The Broad and Narrow Ways" at the Highland Park Christian Church yesterday, Rev. Alden Lee Hill justified the way of the Lord to man by declaring that "the author of our being has done all He can to block the way to destruction and still leave us

HUGH McDONALD TO MEET FRYE

Mercury Middleweight After Champion's Scalp

Sid Cherniss Re-enters the Mist Pastime

Fidel La Barba to Face Izzy Tobinsky

With Stanley Frye of the Multnomah Athletic Club, Pacific Coast light-heavyweight champ, and Hugh McDonald of the L.A.A.C. furnishing the principal attraction, the monthly leather-pushing festivities of the Los Angeles Athletic Club will be held in the club gym, Thursday night. George Blake, boxing instructor of the Mercury organization, has lined up nine bouts that are guaranteed to keep the fans yelling from go to go.

The latest bout to be arranged is an affair between Sid Cherniss and Harry Booy. Cherniss will appear in the ring for the first time in several months, a recent illness having prevented him from being very active in bouts of late, and expects to celebrate his return to the game with a victory. Booy carries an awful kick in either mitt, and will keep Cherniss busy.

MEAT SLOGGER
Fidel La Barba, the club's undefeated 145-pounder, has been matched with Izzy Tobinsky. La Barba has fought almost himself out of opponents in local circles, and Char-

Suzanne Successfully Defends Tennis Title by Defeating Elizabeth Ryan at Brussels Nets

(BY CABLE AND ASSOCIATED PRESS.)
BRUSSELS, May 21.—Miss Suzanne Lenglen today successfully defended her title to the international hard court tennis championship by defeating Miss Elizabeth Ryan of California in straight sets, 6-3, 6-2. The French girl won in rather easy fashion, without having to extend herself.

DEFEAT ENGLISH WOMEN
Miss Lenglen and Miss Ryan won the finals in the women's doubles, 6-0, 6-4, from Miss McKane and Mrs. Beamsish of England. In the men's doubles, Cochet and Borotra, France, were victorious over Mann, Rumania, and Dupont, France. The scores were 6-3, 6-1, 6-2.

He Kappes was forced to hunt a long while to find a boxer who would get in the same ring with the dainty whirlwind. Complete card follows:
Cochet and Borotra, France, 150 pounds, 6-3, 6-1, 6-2.
Mann and Dupont, France, 145 pounds, 6-3, 6-1, 6-2.
McKane and Beamsish, England, 135 pounds, 6-0, 6-4.
Lenglen and Ryan, France, 125 pounds, 6-3, 6-2.
Cochet and Borotra, France, 115 pounds, 6-3, 6-1, 6-2.
Mann and Dupont, France, 110 pounds, 6-3, 6-1, 6-2.
McKane and Beamsish, England, 105 pounds, 6-0, 6-4.
Lenglen and Ryan, France, 100 pounds, 6-3, 6-2.

BOXING TAKING WELL IN ISLAND

Mitt Artists in Clover in Honolulu Clubs

Uncle Sam's Naval Arena is Frequently Packed

Ten-Round Final Bout is Often Permitted

(BY CABLE-EXCLUSIVE DISPATCH.)
HONOLULU, (Hawaii) May 21.—Boxing is flourishing in the Hawaiian Islands as never before. During the war it received an impetus from the service smokers, and since the war these smokers have been prospering tremendously. At Pearl Harbor, Uncle Sam's big naval station, a few miles from the city of Honolulu, the athletic arena frequently holds 8000 or 10,000 people, and boxing matches are held monthly. At Schofield Barracks, the military post in the hills about twenty-five miles from Honolulu, an Army arena has been completed.

GOING WELL
In addition to the Army and Navy smokers, semi-pro boxing is going well at smokers staged by various athletic clubs. A big following of ring fans developed in the past few years is enlisted in these club affairs.

At the club's ten-round final bouts are permitted, and six and eight-round affairs are not unusual.

The game here is drawing some fair talent. Billy McCann, returning from an effort to pick up some money in the States, appeared in a smoker May 13, under the auspices of the Veterans of Foreign Wars. He was expected to appear here.

A BIG NUMBER
Local favorites are coming into prominence, and because there is such a large number of orientals in the islands, oriental boxers are not only not unusual but seen at almost every show. The Army and Navy have brought out a considerable number of Filipino scrappers, and in recent months, Japanese mitt artists are appearing.

The Japanese born in the islands are obviously abandoning the two main forms of Japanese wrestling—Judo and Jiu-Jitsu—for American catch-as-catch-can wrestling. Old-time ring men predict that within a few years the oriental colonies here will turn out some of the light and welter weight boxers that can hold their own with the best of the Middle and heavyweights are unlikely, as the Filipinos, Japanese and Chinese do not often scale over 150 pounds.

NEW YORK IS STILL IN LEAD

Wins a Tight Game from St. Louis Browns; Ruth Weak With Stick

(BY A. P. NIGHT WIRE.)
NEW YORK, May 21.—New York retained the leadership in the American League race by defeating St. Louis in a ten-inning game, today, 6 to 5. The Yankees scored the winning run on Ward's single, Jacobson's fumble, Ruth's infield out and a fielder's choice by DeVormer, batting for Baker.

WHITE SOX LOSE
WASHINGTON, May 21.—Washington defeated Chicago today in easy fashion, 8 to 1, the local knocking Courtney from the box in two innings and bunting him repeatedly off Hodge, his successor. Zachary allowed but five scattered hits.

SEATTLE MAN WINS ELKS' GOLF TOURNEY
(BY A. P. NIGHT WIRE.)
DEL MONTE, May 21.—H. H. Richards of Seattle won the Elks' golf tournament here today, defeating Judge T. I. Fitzpatrick of San Francisco, 2 up, in the finale. Mrs. J. J. Flatley won the women's competition. Jeager of San Francisco won the Far Western travelers golf tournament with a card of 84-16-78. Mrs. A. S. Healy of New York took the women's honors.

CHERUBS SPLIT DOUBLE BILL

(Continued from First Page)

The following description of the brace of runs in the fifth, whereby the Oaks copied the paragon: Brown was an easy out. Beck to Griggs. Willie singled to center, sent a dropper to Beck, who dropped the ball (apparently covered with cow itch) only to retrieve it quickly and shoot it to Lindmore. Cooper went down to Lindmore's home and mother. Cooper and Beck, who were in the field and broke everything in sight but about eight of the ten commandments.

OH, YOU BECK
In the first of the eighth, Beck made a one-handed grab for a drop of Koehler's almost impossible grounder and shot the agate to Lindmore. Griggs, in sliding to the bag Brubaker twisted his left ankle, and was carried to the clubhouse. Howard finished for him at short. Of the eighth game played the Angels won five, two and one.

SLOW AFFAIR
The Angels grabbed the first game of the double-header, 4 to 2. In a rather slow, dragging game owing to the deliberate heaving of Doc Crandall. Doc had control and was never in serious trouble. Jones started in for the visitors, but was packed in the last of the fourth after Griggs had started off with a single to left, Brenton taking up the burden for the Oaks.

The Angels were first to feel the plate, putting one over in the last of the fourth. Beck singled infield and Crandall sacrificed him to second, Jones to Kopf. McCabe hit one too hot for Kopf to handle, shooting Beck home. Billy McCann, and a moment later invaded third, unmolested, amid cheers. Carroll walked and, seeing how Koehler was pitted second. Deal walked, cluttering the bags. Baldwin plunked a sharp liner at Jones, who grabbed the pill and shot it to Lafayette, grabbing Deal off first.

In the sixth, Koehler called for a rally and the Cherubs came through with a rattie. Griggs starting off by singling infield. Trembly popped to Brubaker, but Lindmore singled and Beck was out. Lafayette to Kopf. Crandall walked, filling the bases. McCabe singled to center, scoring Griggs and Lindmore. Carroll walked. Deal forced McCabe at third, Cather unassisted.

PUT GAME ON ICE
The 1921 champions put the game on ice. Baldwin struck out; Griggs out; Cather to second; Jones to second; second when Willie misjudged his dropping fly in right and muffed it off by singling infield. Trembly was purposely walked to get Beck, but Brenton lost control in attempting the kid. Crandall hit to Brubaker, who threw low to Kopf, who muffed the ball. Two outs, scoring on the error. McCabe forced Crandall at second, Brubaker to Kopf.

The visitors scored their only run in the first of the sixth when Brenton started off with a single to left. Brown sacrificed, Griggs singled, Willie drew a walk. Cooper went out to Griggs unassisted. Cather came through with a dandy single over the head, scoring Brown and Willie. Lafayette singled to center, Brubaker but a sharp out to Deal, who touched third, forcing Cather. The score:

STAUBER STAR AT TRAPS

A fair sized crowd of local and visiting trapshooters gathered up to the traps at the Vernon Gun Club yesterday to contend in the registered club shoot of 100 targets from 16 yards.

Another one of those habitual comers of A. J. Stauber was put over with neatness and dispatch. Stauber shoots like a machine gun for spells and then goes slower than a snail. A couple of months later he pops into the field and breaks everything in sight but about eight of the ten commandments.

Oaks Are Handed Double Dose of Defeat by Bengals

David was on the job only a little while, yet the Tigers nailed him for two runs and they needed them to stay off the losing rally the Seals made in the last of the ninth.

TWO-BAGGERS

With one out, David passed French. He got the next man and then Murphy poked a double, James

whacked out a double, and it was all off. Chadbourne also got a hit, but James could not score on it, and he was left stranded when

High ended the inning with a soft roller.

The Seals could not get started on until the eighth and that set-up was spoiled when Rhyme

was doubled. In the ninth, they made their dying effort. Valia was

passed. See popped out and then Kamm got a pass. Walsh flew out

to Chadbourne, but Jim O'Connor finally delivered a hit, scoring Valia, and Hal Rhyme hammered

Kamm home. With the tying run on third and the winning run on first base, Kidout ended everything

with an easy bounce hit and the Seals were out.

In the morning David was pitted against Jackie May. David was

fearfully wild, passing three men in the first inning, and he was

Theoretically, at least, local fans will be traveling on his time this week.

Los Angeles and San Francisco, the premier cities of the circuit, meet here for the first time this season, starting tomorrow. Strange

that these two clubs, representing the most pronounced rivalry of the league, have not met sooner. But such is the way of sched-

ing, the intricacies of which never seem to lessen.

There is no keener competition in Coast League baseball than that existing between Los Angeles and San Francisco. That between

Los Angeles and Vernon is bitter; that between San Francisco and Oakland spiteful. But that between Los Angeles and San Francisco

dates back much farther and will live long after the others have

lapsed into the limbo of neighborhood quarrels. It reaches back to the first game of the series from New York by a score of 5 to 1. Don-

ohue kept his hit wall scattered and was given excellent support. The Clays' only run resulted from

Kelly's triple and a passed ball. Score:

Los Angeles 5, San Francisco 1.

Los Angeles never has been a tourist town and San Francisco has moved out in front considerably by itself has not tended to make

San Francisco love us more. In fact, it seems to have made some of the Los Angeles Gators wild, if not actually goofy.

The Price of Admission

BY DOROTHY DIX

After my last talk with two old ladies, I have been thinking a good deal about the price of admission to life.

One of the old ladies said that life is a very expensive thing, and that even the most successful people have to pay a high price for it.

She said that she had seen many people who had been successful in business, but who had lost their money and their health in the process.

She said that she had seen many people who had been successful in life, but who had lost their families in the process.

She said that she had seen many people who had been successful in life, but who had lost their souls in the process.

She said that she had seen many people who had been successful in life, but who had lost their lives in the process.

She said that she had seen many people who had been successful in life, but who had lost their happiness in the process.

She said that she had seen many people who had been successful in life, but who had lost their peace of mind in the process.

She said that she had seen many people who had been successful in life, but who had lost their self-respect in the process.

She said that she had seen many people who had been successful in life, but who had lost their integrity in the process.

She said that she had seen many people who had been successful in life, but who had lost their honor in the process.

—7 Days— Time Waits For No Man

You have only 7 business days remaining in which, by entering your subscription to Palos Verdes Estate Trust Indenture Notes, you can obtain the improved frontage you select in this supremely beautiful 25 square mile residential and business area AT COST OF RAW LAND AND IMPROVEMENTS.

You know that the average estimated cost of \$15 a front foot for this superb seashore frontage, with Thirty Million Dollars' worth of improvements built into it, is from one-third to one-tenth what you would have to pay elsewhere for residential property, miles from the ocean. Your profits as a Convertible Note holder, buying this valuable improved business and residential property, AT COST, should be correspondingly large.

Only by subscribing to Palos Verdes CONVERTIBLE Notes can you buy this supremely desirable improved frontage at cost, and these notes will be withdrawn from public subscription May 31, at midnight, only 7 business days away.

With a first payment of only \$100 you can subscribe to One Thousand Dollars in Convertible Notes, the remainder of your subscription being payable over a period of three years, and thus select frontage to the amount of your subscription, the public sales price of which may be Three Thousand Dollars or even more.

Enter your subscription NOW, at the General Sales Office, 929 South Broadway, or telephone Pico 3763 and our representative will call on you. A moderate investment now, with only ten per cent paid down, may be the foundation of a comfortable fortune.

[SPECIAL CORRESPONDENCE]

BAKERFIELD, May 19.—With

twenty-seven oil wells started in

California last week, ten of them

in Kern county, indications are

that operators are resuming de-

velopment work on a scale a

point nearer normalcy than has

been the case since the oil strike

last fall. The first of the new

wells in Kern county are lo-

cated in the Elk Hills field, where

the bulk of the activity has been

going on. Four are in the Mid-

way and one in the Kern River

field.

The Pacific Oil Company has

spudded in four new wells in

Kern county, three of them being

in the Elk Hills, two on Section

11, 20-24 and one on section 27,

20-24, the other well being lo-

cated in the Midway on section 11,

20-24.

The Union Oil Company has

three crews working on new wells

two of them being on section 24,

20-24, in the Midway and the other

is located on section 11, 20-27.

The Union also has started a new

well in the Elk Hills on section 24,

20-24.

The Midway Pacific Oil Com-

pany not week spudded in its No.

14 well on section 24, 20-24, in the

Midway, and in the same field the

Associated Oil Company has start-

ed well No. 56, on section 24,

20-24.

UNDER WATER TEST

Fourteen wells have been put

under test of water shut-off in the

Elk Hills and eleven deepening or

redrilling jobs were begun. The

Pacific Oil Company announced

that it had abandoned its No. 37

well in the Midway on section 11,

20-24, and the Standard reports

the abandonment of its No. 13 on

section 12, 20-27, in the Kern

River district.

The Belridge Oil Company is

making rapid preparations toward

putting things in shape for op-

erating and drilling is to be

started next week, it is said.

The cement foundation for the

first rig has been completed and

work of building the rig is under

way. Some of the largest stock-

holders in the concern are: Burton

Green, M. H. Whittier, W. J. Hale

and the Frank Buck estate.

DRILLING RESUMED

Drilling has resumed on the No.

1, well of the Blair Oil and

Gas Company, east of the Orlow

lease, just outside the city limits

of Taft. The well was origi-

nally started with cable tools

and is now being installed by the

California Well Drilling Com-

pany. The well is to be com-

pleted under contract. Officials

of the concern hope to reach the

sand at a depth of 100 feet

the Standard Oil Company's wells

adjoining being producers at about

this depth.

Stockholders of the Taft City

Anax Oil Company, the property

of which is near the Orlow lease,

are contemplating putting down a

well on the property soon. The

land was leased by the Anax to

the Taft Central Oil Company

some time ago, and a derrick was

erected, but when the oil strike

came on activity was stopped.

Now the well may be completed

by the Taft City Anax stock-

holders themselves.

Gas Company Bonds

These bonds constitute a first lien on all the properties of the company now owned or hereafter acquired. The physical value of the company's properties are 70% in excess of first mortgage bonded indebtedness.

For the past five years this company's earnings have averaged over 2 1/2 times the interest charges on its first mortgage bonds. As a final indication of this company's ability to make dependable earnings it can show a reserve fund accumulated from its earnings under the supervision of the California Railroad Commission for the purpose of providing additional funds to supply its territory should any emergency arise.

These bonds are obtainable in \$100, \$500 and \$1000 denominations at 94 and accrued interest. They are callable at 102 1/2% and interest is exempt from Personal Property Tax in California. Write for full information.

PRODUCTION IN KERN INCREASES

For April Shows Slight Gain

New Wells Are Completed in State

Over Valuable Oil Land Begun

Production in Kern county for the month of April shows a slight gain over the production for the month of March. The daily average production for the month of April was 11,162 barrels a day, as compared with 10,877 barrels a day for the month of March. The total production for the month of April was 334,962 barrels, as compared with 326,311 barrels for the month of March. The increase in production is due to the completion of new wells and the start of production on the new wells.

The E. and M. Oil Company has recently brought in five good wells, and has a sixth standing cemented. This latter well is expected to make a better producer than any the company has yet brought in.

The California Oil Company has completed its first well in the Kern county field, and is now producing at a depth of 1,000 feet.

Litigation involving valuable oil land in Kern county was begun last week when the Interstate Oil Company filed suit in the Superior Court of Kern county against the First National Bank of Bakersfield, as escrow agent for Mr. and Mrs. J. Murphy and other defendants.

The Interstate company asserts that it is the owner of the land in litigation, and that the defendants claim certain rights to the property. The bank, according to complaint, is holding in escrow a deed executed by Mr. and Mrs. Murphy in favor of the Interstate Oil Company, possession of which the Interstate company seeks to recover.

The plaintiff demands that the defendants set forth their claims in court, that the court declare the claims invalid, and that the claim of the plaintiff to the land be declared valid.

The Elk Hills again stand out this week for the greatest number of new wells started in Kern county. During the week just ended there were four new wells started in this field. One of these started being the No. 1 well of the Belridge Oil Company.

Three others were started by the Pan-American Petroleum Company. The first of these started by the Pan-American Petroleum Company was the No. 1 well of the Kern River field.

REPORT NEW WELLS

Oil Field Operations Show Substantial Increase

Oil field operations reported to State Oil and Gas Supervisor during the week ending May 18 show 29 new wells started, as compared with 28 during the previous week. The total new wells this year is 424, as compared with 412 the same date last year.

Tests for water shut-off numbered 44, compared with 42 during the previous week. Yearly total to date, 472; total to same date last year, 460.

Deepening or re-drilling jobs numbered 18, the same number as during the preceding week. Total to date this year, 105; total to same date last year, 104.

Abandonments numbered 6, compared with 5 during the preceding week. Total to date this year, 121; total to same date last year, 96.

MORE OIL FINDS IN SIGNAL HILL

One Salt-Water Well Upsets Calculations

One Salt-Water Well Sort of Upsets Dope

Say San Jose Hills Might be Next Field

BY ELLWOOD J. MUNGER

If such a thing as an overproduction comes about in the next few months, Signal Hill, southern California's latest oil field, will be blamed for it. During the past week 6000 barrels of new production were added to the field's already big output, bringing the aggregate daily production of the Long Beach field up to more than 20,000 barrels.

The Shell Company of California started the big production by bringing in a 110-barrel well on the Dolomite property, Dolomite No. 1, completed at 2200 feet, started producing at 2200 feet.

The big well, now the second largest producer on the Hill, has settled down to 2120 barrels and is making 23 gravity oil.

Joseph Dabney took second honors with his "No. 6." Completing "No. 6" at 2075 feet, a 26 gravity well started, flowing 1200 barrels of clean oil. The Dabney well carries with it particular interest, in that at the request of the State Mining Bureau, the well was drilled to a depth of almost 1100 feet to determine the depth of the oil sand. Some 500 feet of sand was drilled, and a first good showing of oil sand was struck at 1050 and at that depth there was little doubt that "Dabney No. 6" would make a nice producer.

The Petroleum Midway added 1000 barrels of new production by bringing in "Dolomite No. 1" at 2450 feet. The addition of the Dolomite well gives the Petroleum Midway a production of 4000 barrels.

Added to the new big wells that came in during the week was the 600-barrel increase of the Henderson Petroleum's Signal Hill No. 1, which has been flowing quietly at 1600 barrels. For some unknown reason it has increased its output to 2200 barrels.

In spite of the fact that the water has not been shut off in the Cal-Mex's "Kripatrik No. 1," the well has made a showing sufficient to justify the assurance that the extreme west side is to become the best part of this field. Drilling out the cement at 2370-44 and balling down the Cal-Mex showed considerable water. With all this water in the hole a quantity of light oil came up and made a display good enough for the most conservative oil man to predict a 1000-barrel well. It is now being drilled to 2400 feet.

Much credit is due Vern Dumas for his untiring efforts in putting the Cal-Mex Oil and Refining Company where it is today. There probably is no company now any one man that is as deserving of success as the Cal-Mex Oil and Refining Company and Vern Dumas.

The General Petroleum now has the honor of possessing Signal Hill's greatest oil producer, the Signal Hill No. 1, completed two weeks ago at 2625 feet, started off at 2625 barrels. The production has gradually increased until now it is up to 2245 barrels a day. It is running 2245 gravity and equals the high gravity record for the Hill recently made by the Henderson Petroleum's Signal Hill No. 1.

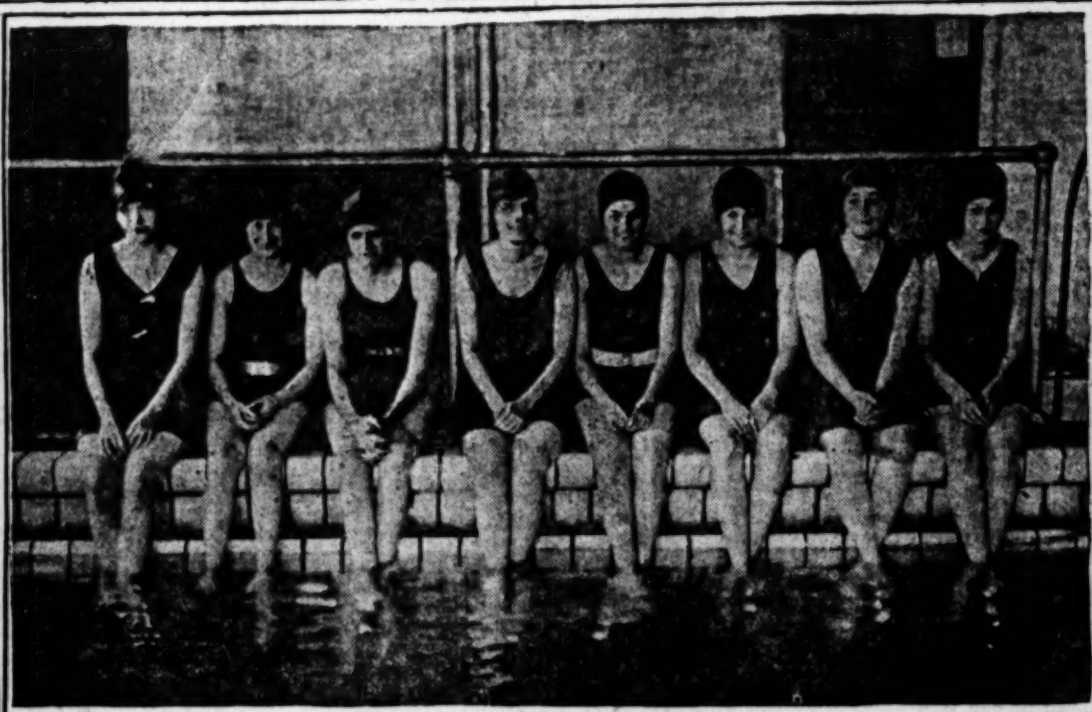

One of the most important oil deals since the Long Beach field opened was made last week by W. M. Keck with the Sandberg Petroleum Company. W. M. Keck has taken over the Sandberg Petroleum Company and will develop them on a 60-60 basis. Keck will re-drill and deepen No. 1 and drill three additional wells. The new organization will be known as the Keck-Sandberg. The deal involves a \$100,000 bonus. Keck starts work on the holdings at once. The deal is of tremendous importance to the Sandberg Petroleum Company in that it will give them a pass into the hands of one of the most skilled and successful operators in the oil business. Keck will work on the holdings at once. The deal is of tremendous importance to the Sandberg Petroleum Company in that it will give them a pass into the hands of one of the most skilled and successful operators in the oil business.

The Shell Company's "Booby" spring a little surprise by the fact that when the cement was drilled out at 4157. The well made 240 barrels of water and about 50 barrels of oil. The well will be re-cemented and further work done on it. This showing is just an indication in the oil game and the Shell Company is not discouraged in the least. Preparations are being made to re-drill and deepen the discovery well "Alamitos No. 1." It is conceded now that 500 feet deep of hole will make a big outcrop of the field that started all the excitement on Signal Hill. Alamitos No. 1 was originally put on production at 1114 and made as high as 600 bbls for a number of months and then slowly declined. Huntington continues to furnish a thrill now and then. MEN, WOMEN AND THINGS IN THE WORLD'S NEW DAYS

Dr. Otto Wiedfeldt, new ambassador from Germany, photographed on his arrival.

Students at Randolph Macon Women's College, Lynchburg, Va., who compose the life-saving team at the college. All hold swimming records.

Misses Emily Jamney and Morris Tankard, Washington girls, snapped at the White House before starting a hike to the Pacific Coast to build up their health.

Miss Ruth Hedley and "Yaqui" pedigree trotter entered by George Walsh at the Ambassador Horse Show.

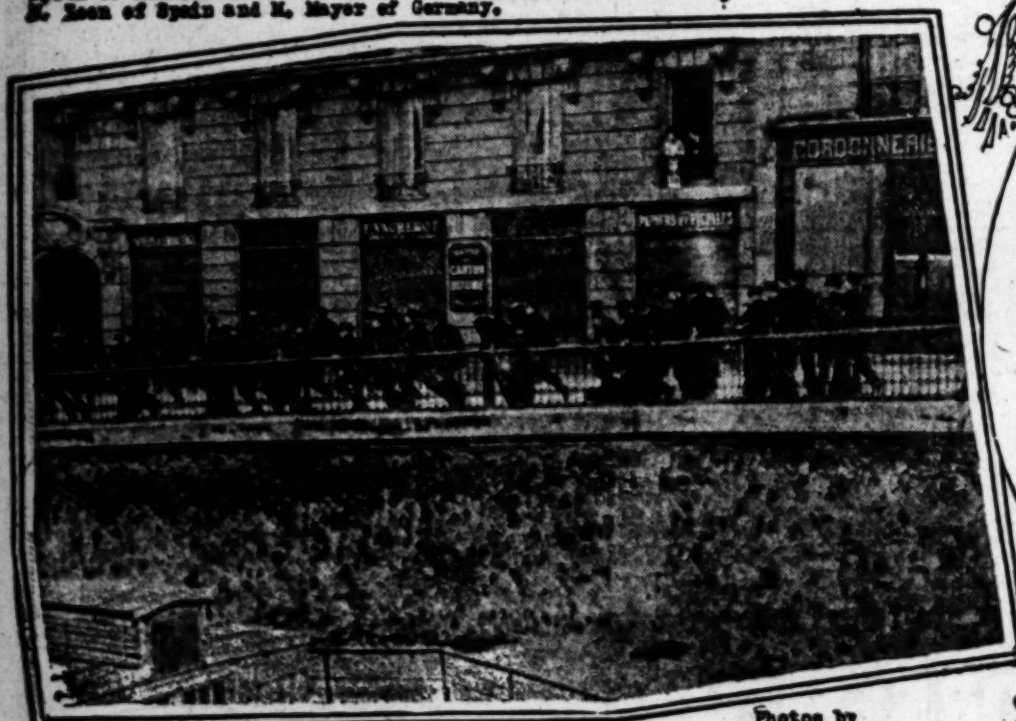

Sacramento youngsters posing in "Days of '49" attire. Left to right, Joseph Matteson, Lois Duval and Gladys Harvey.

Ambassadors to France followed the funeral of President Paul Deschanel, in Paris. Left to right, Bryan S. Harriok of the United States, Count Sforza of Italy, M. Leon of Spain and M. Meyer of Germany.

Before every game she plays Mrs. Nella Welby hunts a four-leaf clover. A Washington photographer caught her. She didn't find the clover and lost the game.

Scenes during May Day disturbances caused by the radical element in Paris. There were many broken heads, but the police emerged victorious.

Sims Ely of Phoenix. He has just been appointed Chief Clerk of the Department of Justice in charge of administrative work of the bureau all over the country. He was formerly head of the Arizona Board of Education.

Horvick, the sensational three-year-old snatched as he crossed the line winner of the Kentucky Derby at Louisville.
